

INVESTOR PRESENTATION

Q3'25 Results

October 29, 2025

This presentation may contain forward-looking statements including, but not limited to, statements regarding MercadoLibre, Inc.'s expectations, objectives and progress against strategic priorities; initiatives and strategies related to our products and services; our inability to successfully deliver new products and services; business and market outlook, opportunities, strategies and trends; the macroeconomic environment; customer preferences and demand and market expansion; our planned product and services releases and capabilities; industry growth rates and internet and card penetration in Latin America; and inflation.

These statements are based on currently available information and our current assumptions, expectations and projections about future events. While we believe that our assumptions, expectations and projections are reasonable in view of currently available information, you are cautioned not to place undue reliance on these forward-looking statements.

Certain financial measures included in this report are not measures of financial performance under U.S. generally accepted accounting principles ("GAAP"), including adjusted EBITDA, net debt, foreign exchange ("FX") neutral measures, adjusted free cash flow and net increase (decrease) in available cash, investments and digital assets.

A reconciliation of Non-GAAP measures can be found in our Third Quarter 2025 earnings press release, available on our investor relations website, and in the section entitled "Non-GAAP Measures of Financial Performance" of our upcoming quarterly report on Form 10-Q for the quarter ended September 30, 2025.

All the information included in this presentation is updated as of October 29, 2025. Except as may be required by applicable law, we assume no obligation to publicly update or revise our statements.

Certain monetary amounts included elsewhere in this document have been subject to rounding adjustments. Accordingly, figures shown as totals in certain tables may not be the arithmetic aggregation of the figures that precede them.

Our actual results may differ materially from those included in this conference call, for a variety of reasons, including those described in the forward-looking statements and risk factor sections of our annual report on Form 10-K for the year ended December 31st, 2024, and any of MercadoLibre, Inc.'s other applicable filings with the Securities and Exchange Commission, which are available on our investor relations website (<http://investor.mercadolibre.com>).

Marketplace Highlights

Unique Active Buyers Growth Accelerated to 26% YoY

Growth reached another record high since Q1'21. All major countries are growing strongly. In Brazil, our decision to lower the free shipping threshold led to the highest quarterly addition of unique buyers in our history.

Marketplace Highlights

GMV and Items Sold growth accelerated in Brazil and Mexico, with consolidated items sold growth at its highest since Q1'21

Marketplace Highlights

Same & Next Day Shipments
(MM)

Same & Next Day Shipments +28% YoY

High growth in Same & Next Day, despite the significant ramp-up in SLOW shipments; penetration of Same & Next Day for FAST shipments rose 1ppt YoY

Marketplace Highlights

Items sold per unique buyer +11% YoY

High growth despite the large increase in new buyers, which dilutes this metric in the short-term

Fintech Services Highlights

Fintech Monthly Active Users¹
(MM)

MAU growing 29% YoY

Strong growth across countries, particularly Brazil, Mexico and Chile, as our value proposition continues to improve, as reflected in leading NPS in all markets

¹ Fintech monthly active users is defined as Fintech payers and/or collectors as of September 30, 2025, that, during the last month of the reporting period, performed at least one of the following actions during such month: 1) made a debit or credit card payment, 2) made a QR code payment, 3) made an off-platform online payment using our checkout or link of payment solutions while logged in to our Mercado Pago fintech platform, 4) made an investment or employed any of our savings solutions, 5) purchased an insurance policy, 6) took out a loan through our lending solution, or 7) received the payment from a sale or transaction either on or off marketplace.

Fintech Services Highlights

Solid NIMAL of 21.0%

Some compression QoQ, mainly due to Argentina where funding costs rose substantially, but asset quality remains broadly stable

Net Interest Margin After Losses

(% of avg portfolio)

Net Interest Margin After Losses (NIMAL)¹ = Credit Revenues (-) Provision for doubtful accounts (-) 3rd party funding costs

¹ Credit Revenues includes credit card interchange fees and excludes the results of sale of loans receivables. Provision for doubtful accounts excludes the results of sale of loans receivables.

Fintech Services Highlights

Early NPLs were stable QoQ and down YoY due to **better asset quality and portfolio mix**

Acquiring Highlights

32% YoY growth in Acquiring TPV

Sequential improvement in growth in Brazil and Mexico was partially offset by slower growth in Argentina

Acquiring Highlights

Growth trends remain robust across geographies, albeit slowing in Argentina; **cross-sell of Credits continues to rise**

Adjusted Free Cash Flow

Q3'25 Adjusted Free Cash Flow

(US\$ M)

Adjusted free cash flow of \$206mn

This is after capex of \$357mn and investment of \$1,730mn in the growth of the credit portfolio (partially offset by \$485mn of third-party funding)

¹ Includes equity securities held at cost and other restrictions (including management restriction policies).

² Includes accrued interest and financial income net of interest received from available and restricted investments, and results on digital assets.

³ Includes the effect of exchange rate changes on available cash and investments, and other investing and/or financing activities.

⁴ Includes cash and cash equivalents (excluding cash and cash equivalents restricted due to management restriction policies), short-term investments (excluding time deposits and foreign government debt securities restricted and held in guarantee) and long-term investments (excluding foreign government debt securities restricted, investments held in VIEs as a consequence of securitization transactions and equity securities held at cost) and digital assets.

Available Cash & Leverage

Leverage remains low

The QoQ increase in debt - and the leverage ratio - is primarily a result of additional funding for Mercado Pago
